### OK Adventurous

A mid-sized company with big dreams, Tulsa Ballet opens its season with ambitious fare: the return of Jorma Elo's furiously fast *Slice to Sharp*, the company premiere of Edwaard Liang's *Age of Innocence*, inspired by the novels of Jane Austen, and Wayne McGregor's *PreSentient*. The last, set to the music of Steve Reich, is a U.S. debut, with TB joining only a handful of stateside companies to which the choreographer has entrusted his overstretched, highly kinetic movement. Sept. 14–16. [www.tulsaballet.org](http://www.tulsaballet.org).
